Rooster

Swedish wooden sculpture of a rooster, a traditional craft. The sculpture is made of light-colored wood and features intricate carvings of the rooster's feathers and comb. It is a popular decorative item in Swedish homes and is often used as a gift. The rooster is a symbol of good luck and is believed to protect the household from evil spirits. The sculpture is available in various sizes and finishes, including natural wood and painted versions. It is a beautiful addition to any collection of Swedish folk art.
