Rooster

Swedish wooden sculpture of a rooster, a traditional folk art. The sculpture is made of light-colored wood and is painted in a traditional Swedish folk style. It is a popular gift for children and a decorative item for the home. The rooster is shown in a standing position, facing right. It has a large, curved beak and a small comb. The body is covered in intricate carvings and painted with various colors. The legs are also carved and painted. The sculpture is a beautiful example of Swedish folk art.
